Economic Compulsion and Christian Ethics

NEW STUDIES IN CHRISTIAN ETHICS

Economic Compulsion and Christian Ethics, Albino Barrera, Cambridge University Press, 2005, 0521853419, 9780521853415, 248 pages. Markets can often be harsh in compelling people to make unpalatable economic choices any reasonable person would not take under normal conditions. These economic ripple effects of market operations have been virtually ignored in ethical discourse because they are generally accepted to be the very mechanisms that shape the market's much-touted allocative efficiency. In this book Albino Barrera argues that Christian thought on economic security offers an effective framework within which to address the consequences of economic compulsion..
